AVCO REZONING FRIDAY NIGHT

TOWN MEETING FOR REZONING LAND FRIDAY EVENING

The Town will assemble, in Town Meeting, Friday evening, in the Herbert C. Barrows Auditorium, of the High School, to consider rezoning land of Herbert Barrows, from General Business zoning to Industrial. One hour earlier, in the Town Hall, the Wilmington Planning Board will hold a hearing for this same tract of land, and for the same purpose.

The meeting to rezone is because of the intended purchase by AVCO, of the Herbert Barrows land, for the purpose of locating a research laboratory here.

Throughout the town, for the past two weeks there have been a series of meetings to discuss the new plant, with Town Manager Joseph Courtney speaking at most of the meetings. The subject is probably the most discussed in this town today, with the great majority of the residents being distinctly in favor of the new plant.

Two Other Articles

Two other articles will also have to be discussed at the Town Meeting.

The Wilmington Elementary School Building is asking for \$5,000, for the preparation of preliminary plans, for the new school planned off Glen Road. According to the chairman of the committee, the money was overlooked in the annual town meeting.

The Planning Board is asking for a sum of money to be used in hire an expert consultant, for the purpose of studying the parking situation, in Wilmington Square.

CIVIL DEFENSE DIRECTOR TO SPEAK AT BALDWIN CLUB

Emphasizing the peace time role of Civil Defense, and the advantage of a community to be prepared for peace-time disasters, Rene LaRivee, Director of Civil Defense for the Town of Wilmington, will speak at the Baldwin Civic Association

meeting, on June 5th. It will be the last regular meeting of the Baldwin Civic Association, this year.

Mr LaRivee's subject is to be 'What you should do if a disaster happened in Wilmington'. He will demonstrate how Civil Defense has helped, and can help, in towns that are struck by sudden catastrophe.

The meeting is open to the public, and there will be refreshments.

The date of the annual strawberry festival of the Baldwin Club is to be announced at a later date.

MRS GUNNING ELECTED PRESIDENT OF WILDWOOD CLUB

Mrs Lawrence Gunning, Westdale Avenue, was elected President of the Wildwood Club, at its annual meeting, Monday evening. A graduate of the Boston University School of Education. Mrs Gunning has been a resident of Wilmington for two years, coming here from Boston.

Elected Vice President was Mrs Cleveland, teacher at the Wildwood School, with Mrs Stella Kelley, 6 Parker Street being elected Secretary, and Mrs Dorothea Varley, Mill Road Treasurer.

Mrs Arthur Boudreau was elected publicity chairman, and Mrs Roy Hersom Program Chairman.

ST. DOROTHY'S MAY PROCESSION DELAYED BY RAIN

The Annual May Procession of St. Dorothy's Church, delayed because of the rain Sunday, was scheduled to be held yesterday afternoon, (at a time too late for this paper to confirm, before going to press).

Including children who have just been confirmed, and those who have taken their first communion, the procession is one of the biggest events, in Silver Lake, each year. Over 500 were expected to take part. Two bands, both from St. Mary's By the Sea Parish, were expected to take part. The Senior St. Mary's By the Sea Band is the championship band of the Boston diocese.

The procession if from St. Dorothy's Hall to St. Mary's Chapel in South Tewksbury and always ends with the Crowning of the Blessed Mother.

WILMINGTON LIONS CLUB SCHOLARSHIP FOR SENIORS

The Lions Members of Wilmington are very happy to announce that a \$100. Scholarship will be available to a qualifying member of the present Senior Class.

The recipient will be selected by following rules and regulations similar to those used by the Wilmington Teachers Association.

The thought of a Scholarship was introduced to the Club by Anthony DeLuca. He is Chairman of the Finance Committee and his duties involve the setting up of a budget for each year and to see that all funds are used as wisely as possible.

The Club Members thought so well of the idea that they ap-

pointed Mr. DeLuca chairman of the Scholarship Committee. His Committee will take care of all the details in cooperation with the School Authorities.

The Wilmington Lions are very pleased to be able to help in some small way in the interests of education, as well as for the Blind.

AVCO

One of the most important decisions in years
as far as this town is concerned, is to be made
Friday evening, in the High School. The Town
will assemble in Town Meeting, to vote on re-
zoning of land, now owned by Herbert Barrows.

AVCO, one of the larger corporations in the
United States, wishes to locate a research lab-
oratory on that land.

Personally, we believe that the town will ap-
prove, and that the only serious question will
not be in the approval, but in the number of
persons present. Special Town Meetings are no-
torious for lack of voter interest. Only when
there is something special to attract the at-
tention of the average person does he bother to
attend.

AVCO, of course, is something special, but
just how special is something yet to be deter-
mined. If there are 150 present there will be
enough to make a legal meeting, and it will
mean that the voters are apathetic. If there
are say 300 present we will have proof that the
people are interested. And - if the number is
larger than that we predict a smashing success,
for a town meeting.

OSTRICHES

There are a few people in town who are opposed
to the idea of rezoning, so as to allow AVCO to
locate its research plant here. We don't know
how many, perhaps as much as 1%, perhaps more,
of the population is opposed.

Basically, their opposition stems from the
fear that the AVCO plant will make Wilmington a
target. That is why we call these people Os-
triches - they want to stick their heads in the
sand, and ignore the world about them. They
don't know just what AVCO plans to do but they
are afraid that it will be something which will
cause the bombs to go boom.

We don't know what AVCO is going to do. Nei-
ther does anyone else, in Wilmington, exactly.
Two of our Selectmen illustrated this point,
last Thursday evening, at the Taxpayers Associ-
ation meeting, in remarks that reminded us of
the New Yorker magazine item entitled "What
Paper Do You Read?"

Mr De Felice arose, at one point during the
AVCO discussion, and stated "There will be ab-
solutely no atomic experiments here". Mr Hager-
ty, a few minutes later, stated "There will be
all sorts of research, including nuclear".

Obviously one or the other was wrong, and be-
sides being a good story for the New Yorker, it
also illustrates the point that no one is 100%

certain.

The AVCO plant that is to locate here is the
one that has been in Stratford Connecticut for
the past few years. It is the research labora-
tory for the entire industry, which includes
such things as Lycoming motors, Bendix washing
machines, and secret work for the US Govern-
ment.

During the past few months AVCO has run a
"help wanted" ad in the New York Sunday Times.
We have read every one of them, and the phrase
that continually recurred was "Ballistic Mis-
siles". We suspect that this will be, at least
at first, the purpose of this research plant -
not that they are to be made here, but that
this will be the place where the scientists
will do their thinking.

Obviously, a few of our "ostriches" have heard
of this too. It has added to their fears.

If ever a war comes, Ballistic Missiles will
be one of the weapons. Ballistic Missiles are
the things that they shoot from one continent
to another. In the next war, too, those mis-
siles will probably be armed with Atomic or Nu-
clear warheads.

Wilmington has a good chance of being a target
if ever there is to be a World War III. We say
that, not because AVCO is coming, but because
it is the truth right at this moment. If Wilm-
ington were nothing but a sandy waste it would
still be in the target area, "Red" as they used
to say in Hitler's War.

Less than 10 miles, as the crow flies, in Bed-
ford, is the Lincoln Laboratories, of the US
Air Force. It is one of the most important
places in the world today.

Less than 10 miles, as the crow flies, is the
Massachusetts Institute of Technology. It ranks
in importance with Lincoln, as a target for an
enemy.

In Salem there are other such targets. Like-
wise in Lawrence. Even next door, in Reading,
is a battery of "Nike" weapons, which is sup-
posed to be a big secret, but about which we
have read in a publication of national import-
ance.

In other words Wilmington is surrounded by
choice targets, and any near miss is going to
hit this town - even if it were nothing but a
sandy waste. So AVCO is going to add to the dan-
gers? Nonsense!

Suppose an enemy had a place in France, from
which to launch Intercontinental Ballistic Mis-
siles. Suppose that enemy was intent on des-
troying MIT, or the Lincoln Laboratories.

In order for that missile to hit its target it
would have to be accurately aimed. That accur-
acy would have to be closer than one tenth of
one degree of arc, which, any airplane pilot
will tell you, is almost impossible to achieve.
Airplanes have pilots, and corrections can be
made in flight. That missile will have no
pilot. No correction can be made. If the mis-
sile misses by two tenths of one degree (and
that would be phenomenally close shooting),
Wilmington would be the target, instead of MIT
or Lincoln. Similarly, if Salem were the target
the error would have to be only three tenths of
one degree.

If instead of being launched in France, that
weapon were to be launched from a ground site
several thousand miles further east the accur-
acy would have to be still greater - accuracy
that we cannot see achieved - and we think we
know a little about that kind of mathematics.

That is why we say that Wilmington is a target
today - and that is why we feel that people who
want to stick their heads in the sand should be
called ostriches.

CONGRATULATIONS TO MR CUMMINGS

This Saturday, we are told, will be the forti-
eth anniversary of the ordination of the Rev.
Stanley Cummings, pastor of the Wilmington Con-
gregational Church. A very quiet man, devoted

TOWN NOTES

Weather

Cold, Cold, Cold. March,
April, and then May. That
killing frost of last week,
which several of the daily
papers made into a headline
was really nothing unusual,
even though the temperature
did drop to 16. We had been
having cold nights every day,
and on this occasion it was
just a little colder.

The Boston Globe, last Sunday
carried some records of wea-
ther which showed that March,
April and May of this year are
the coldest since 1888! We
aren't old enough to remember
that far back, so we will have
to take their word for it, but
even then the average tempera-
ture for those three months
was only 2 degrees colder than
for the three months this year.

Last Sunday's rain, while
cold and unpleasant, was not
of the proportions that fell
in other parts of the state.
Some places got over 2 inches,
Wilmington had only .34 inch.
Previous to that there had
been .38 inches on the 23rd,
and .18 inches on the 26th,
which gave us 9/10ths of one
inch for one week. enough
to keep the gardens wet, and
make the brooks and rivers
rise a little.

That Frost

To read the out of town pa-
pers, the frost was simply
terrible. Perhaps there was
a dearth of news on that day,
or something.

We know that our strawberry
growers will lose a few of
their early berries. We know
of some tomato plants, and
pepper plants, that were fro-
zen. But we don't think that
the damage was too great in
Wilmington, principally be-
cause not too many people have
found it warm enough to plow
and plant. Asparagus is at
least 10 days late this year,
which will give an idea of
what the effect of the cold
weather has been.

CONGREGATIONAL NEWS

Next Saturday will be the 40th anniversary of the ordination of Rev. Stanley Cummings to the ministry. On the following morning at both services he will give reminiscences and make an evaluation of this 40 year span.

The Fireside Fellowship will meet at the church next Sunday morning at 11:00 for a special worship service, after which the group will go for a beach party.

The Quaintance Club will hold a supper at the parsonage on Sunday at 5 p.m.

The church Finance Committee will meet in the parish house on Tuesday at 8 p.m.

The L.B.S. will meet on Wednesday at 10:30 a.m. for devotions, annual reports and appointments. At 12 noon there will be a recess for lunch, after which the group reconvenes for business. The West Branch will be the hostesses.

League, last Saturday afternoon. The Tigers won by a 9 to 2 score over the Gildart Yankees, while the Red Sox defeated Chisholm's Indians by 8 to 2 in the second game.

Monday night's game, between the Red Sox and the Yankees, saw the Red Sox take the leading place in the league, in a thrill packed game. Both teams were playing fine baseball, the Red Sox scoring 12 runs to the Yankees 3. The low scoring of the Yankees doesn't give a true picture of their playing ability, and this will undoubtedly be a team to watch, this summer.

Eddie Casey, Red Sox veteran, hit the first home run of the 1956 season, and Eddie Palino, another Red Sox veteran hit a three bagger.

CUB SCOUTS DISCOVER A GOLD MINE

Cub Scouts of Pack 56, last Saturday afternoon, discovered a gold mine, in the back yard of Mr and Mrs Sal Provenzano, on West Street. The cubs, and their friends, about 150 strong, arrived for a regular 'Pack Meeting' and found that a salesman from Boston had got there first. A Mr H P Latourelle, of the Starkist Tuna Company and the Green Giant Company of Boston was there with prizes galore, that he wanted to give away.

The Cubs were there for a 'cookout'. They enjoyed it, of course. They had their games, and they had their awards, - and what awards! Mr Latourelle just kept on giving away things. It seems that he wants to become acquainted in Wilmington, - probably part of an advertising stunt, but he wanted all the kids to go home and tell about all the things he gave away.

Among the prizes donated were two outdoor barbecue sets, 19 large inflatable toys, and five cases of the products of the companies.

Awards given included Appreciation Certificates to the Den Mothers, a Webelos badge to William Williamson, who also got a Lion badge, Bear badges to Richard Cutter, Thomas Damelio, Michael Dolan, John Winters, Robert Jones and Joseph Mottolo. Winners of Wolf badges were Frank Stevens, George Summer, John Dromgoole, Paul Reitchel, Frank Ingraham, Donald Jones and Joel Cawthorne.

Awarded Gold Arrows were Steven O'Brien, Jack Tautges, and William Long. A Silver Arrow went to Bruce Allgrove. Denner's Stripes went to Joseph Mottolo, David Zaino, Thomas Damelio and Richard Provenzano, and assistant Denner's Stripes to Frank Stevens and Joseph Haines. Service Stars were awarded to Leonard Bryant, John Moore, Dennis Smith, Jack Stanley, Frank Perdicaro, Francis Mullen and David Zaino.

Ten new boys were inducted in to the pack; Donald Hudson, Frank Ingram, Donald Jones, Norman Kleynan, Arthur Lloyd, Kenneth Foberg, Kenneth Wilson Jr., Richard Provenzano, Joseph Haines, and Joel Cawthorne.

TOWN NOTES Cont'd. From Page Two

Fishing

It would seem that Horn Pond, in Woburn, has the most fishing, according to all accounts. But the best report we have, for the past week, is from Lubber's Brook. Eddie Brabant of South Tewksbury, took out a 16 inch brown tail, Saturday morning.

The Shawsheen River is consistently giving up 10 and 11 inch trout. We saw one fellow take the limit, Saturday afternoon, but we don't know who he was.

Water Bills

Unpaid water bills, we understand, are not getting sympathetic treatment by the

water department nowadays. A number of homes were shut off, during the past few months, for not paying their bills. Now the Water Department is going a step further--they are turning the bills over to the tax collector, to be added to the tax bill. That means that the homes can be taken for unpaid water bills, just as they can be taken for unpaid tax bills.

Collectors

Last Sunday was Cerebral Palsy Sunday, and two youngsters in North Wilmington proved themselves to be collectors worthy of the name. Joe Ingemi, and Clifford Knight, between them, collected over \$42.00!

Father Shea

He may be Monsignor Shea, but he will always be Father Shea to us. The good priest paid a surprise visit to Wilmington last week - called on His Honor, the Mayor, now back in his restaurant. Many Wilmington people saw Father Shea, even though he was in town for only about two hours.

Mass General

Massachusetts General Hospital is a mecca for many people of Wilmington today. Charles 'Buddy' Googins is back in the hospital, not feeling very spry. In the same hospital is Andy Pupa, and beside Andy is Frank Goff of Ballardvale Street. The two will have

quite a bit of time to become acquainted, as Frank is laid up with a broken leg. Another patient in the same hospital, but due to come home soon, is Mrs Hawthorne, of Suncrest Acres, one of the victims of last summer's polio epidemic.

Model Airplanes

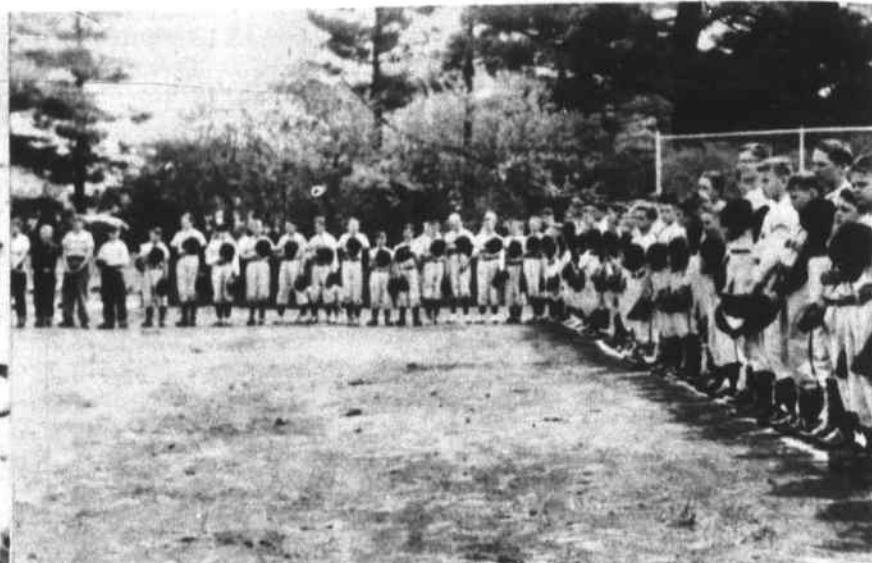

Like to make model airplanes? We don't, but in case you are interested there is to be a class in the making of the things, in the Methodist Church, on Thursday evenings.

New Business

Hyman Jacobs, of Salem Street has started a new business, the first of its type we believe, in Wilmington. Mr Jacobs will be operating a Driving School, from 282 Main Street. A Graduate of Wilmington High School, and a veteran who fought with the First Division, in France, he has a perfect driving record, according to the Registry of Motor Vehicles. His new school was approved by the Registry.

The Names of the Ladies

Rene LaRivee, Civil Defense Director has a lot of ladies names on his mind, at the present time. He has just received the list of names that will be used to name the 1956 hurricanes. In case you are interested the names will be Anna, Betsy, Carla, Dora, Ethel, Flossy, Greta, Hattie, Inez, Judith, Kitty, Laura, Molly, Nona, Odette, Paula, Quenby,

THE STAR SPANGLED BANNER

Heads uncovered, members of the Little League teams stand at attention as the Star Spangled Banner is played, and the American Ensign raised over the field.

What Are the Chances

There is only one question that we have run into, that seems to disturb the people of Wilmington, and that is: Suppose we rezone--Are we sure that AVCO is going to come here?

The answer, of course, is that no one is ever definitely sure. AVCO has told their employees in Stratford that they are going to move to Wilmington. AVCO has sent photographers to Wilmington, to take pictures. AVCO has had a lot of publicity, from the State Department of Commerce, and is distributing this to their employees. The other firms, that are doing business with AVCO in direct reference to the Wilmington site are also sending enquiries here. It isn't proof of course, because the proof of the pudding is always in the eating, but it is just as close to proof as anyone could desire, of the interest that AVCO is taking in the location of their new plant here.

MRS. STANLEY CUMMINGS TO SPEAK AT WORSHIP SERVICE IN METHODIST CHURCH

Mrs. Stanley Cummings, wife of the Rev. Stanley Cummings will be the guest speaker at the Sunday service, June 3rd, at 11:00 a.m. This service is being sponsored by the Women's Society of Christian Service and members of this group will participate in the worship program. Mrs. Cummings is highly regarded as an inspirational speaker and the members and friends of the church look forward to her coming.

At the 9:15 a.m. worship hour, the sacrament of Holy Communion will be observed. Mr. Harding will leave from this service to attend worship at the Annual Conference of the Methodist Church in Malden Mass.

MRS. CHARLES L. CORRIEA

Mrs. Blanche Marie (Coughlin) Corriea, the wife of Charles L. Corriea of Fairview Avenue, died on Monday, May 21st at the age of 43 years.

Funeral services were from the W. S. Cavanaugh Funeral Home last Thursday, May 24th, at 8:00 a.m. and were followed by a solemn high mass of requiem at St. Thomas church at 9:00 o'clock.

Burial took place in the family lot in the Wildwood Cemetery.

AVCO Meetings

During the past few days there have been meetings in practically every part of town with TM Joe Courtney and Danny Gillis of the Planning Board having a practically 100% record of attendance. There were meetings to discuss the subject in the West Wilmington Community Club, Silver Lake Betterment, East Wilmington Improvement, Hathaway Acres Association, Shawsheen Avenue Association Lawrence Acres Improvement, the Congregational Men's Club, and the Baldwin Civic Association.

In addition there was an informal discussion in the Taxpayers Association, which neither of those men were able to attend, but which was well attended by others.

HOLY NAME AREA OUTDOOR MASS

There will be another Outdoor Mass this year for the Woburn area Holy Name Societies on Wednesday, June 20th, at the Woburn High School Field. Wilmington is very honored by having St. Thomas' pastor, Rev. Edmund W. Croke, as the Spiritual Director of the Woburn Area which includes Bedford, Burlington, Concord, Lexington, Melrose, Reading, Stoneham, Wakefield, Winchester, Woburn and Wilmington. Knowles Church Contractors of Boston, will again this year erect an especially beautiful outdoor altar.

The procession preceding the Mass and also receding, will consist of the Guard of Honor, Spiritual Directors of the Woburn area, Priests, Altar boys, the band of the Immaculate Conception Parish of Winchester, the policemen and firemen of the area, and the fourth degree Knights of Columbus.

Rev. Wm. J. Gorman, pastor of St. Joseph's parish of Woburn, will sing the High Mass of the Sacred Heart.

Bishop Jeremiah E. Minihan, D.D. Auxiliary Bishop of Boston, will be the preacher, and Rev. Walter Flaherty, director of Archdiocesan Radio and Television Apostolate, will be

the commentator.

Rt. Rev. Francis E. McElroy, Archdiocesan Director of the Holy Name Society, will lead the prayer of enthronement, and will consecrate the families to the Sacred Heart.

Rev. John J. Lane, Spiritual Director of St. Charles', Holy Name Society will be in charge of the altar arrangements.

The annual outdoor Masses are always exceedingly well attended. They are very impressive and one couldn't help but feel an uplift spiritually after having attended, (with such a wonderful group of men) the Holy Sacrifice of the Mass, which represented Christ's sacrifice for all the souls of the world.

SENATOR EVANS EXPLAINS WHY HE DID NOT RUN

Senator George Evans, of Wakefield is not a candidate for re-election, he told the Wilmington Taxpayers Association, on May 24th, because he felt it was a waste of time to spend his time in the State House. He characterized the elected officials as 'do-nothings'. 80% of the Republicans and 100% of the Democrats are doing nothing at all, he told some of the listeners, after the meeting.

Senator Evan's talk was entitled 'State Politicians and Finances, and their effects upon cities and towns'.

Other guest speakers of the evening were Selectman Myron Donoghue of Saugus, who spoke on the Saugus government, and Selectmen Nicholas DeFelice and Frank Hagerty, of Wilmington who spoke on AVCO and related subjects.

The Association went on record as being 100% for the AVCO corporation on motion of Harold Smith.

The attendance for the meeting was very large, and commended by both Senator Evans and Selectman Donoghue.

The next regular meeting of the association will be announced at a later date.

AVCO CORPORATION

The President and Chairman of the Board of AVCO is Victor Emmanuel, born in Dayton Ohio, in 1898. The son of a self taught lawyer who pioneered in the utility business of Dayton, Emmanuel worked for his father, after graduation from Cornell University, and served in the United States Flying Corps, in World War I.

When his father retired, in 1923 from the management of the National Electric Poser Co Victor Emmanuel, in partnership with Arthur C. Allyn of Chicago purchased his father's interest in the company. By the end of 1926 the business had expanded to include fourteen utility companies, throughout the United States, and Emmanuel and Allyn sold the system to the late Samuel Insull.

Emmanuel went to England in 1927, where he became associated with the London banking firm of J. Henry Schroeder and Co., and Alfred Loewenstein, the Belgian financier, who joined him in the planning of the formation of the US Electric Power Corp. Loewenstein died before the company was formed, but Emmanuel, Allyn and others carried on, and gained control of a utility empire stretching over 20 states, and worth over \$1 billion. Among the positions he held were president and director of the Standard Power & Light Co., director of the Standard Gas & Electric Co., Philadelphia Co., Duquesne Light Co., Louisville Gas & Electric Co., Northern States Power Co., Kansas Electric Power Co., and Northwestern Public Service Co. Fortune magazine, in 1951 stated that Emmanuel had described himself as a man who had piled up a fortune of \$40 million in public utilities, before he had reached the age of 30, and then lost it all in the depression.

After a reorganization of Standard Gas & Electric Co., Emmanuel remained a director of the company, but gave his place as Chairman of the Board to Leo Crowley, while he, Emmanuel, turned his energies to the rebuilding of Aviation Corp., which was originally a subsidiary of the Cord Corp., and had been purchased

by a group of men headed by Emanuel.

In World War II Aviation Corp., and its affiliated companies (including Consolidated Vultee Aircraft) produced all types of military aircraft and airplane engines, and many other items, such as propellers for aircraft carriers and battleships, and precision machinery. It was reported in 1944 that these companies had manufactured over \$4 billion worth of equipment for the war and that from the beginning to the end of the war Consolidated Vultee produced 28,000 planes, 13% of the nations total.

Affiliated with Aviation Corp during the war were a number of companies, among them being Lycoming Motors, directly owned, in Williamsport, Pa., Spencer Heater Co., Williamsport Pa., Republic Aircraft Products of Detroit, Northern Aircraft Products Co and American Propeller Co., of Toledo Ohio, and part ownership of the New York Shipbuilding Co in Camden N.J.

After the war the Aviation Corp was changed from a holding company to an operating company, and the name became AVCO Manufacturing Company. One of the first steps in its peacetime work was the purchase of the Crosley Corp., manufacturer of refrigerators, ranges, radio and television receivers, and operator of radio station WLW in Cincinnati, and a chain of affiliated shortwave and domestic stations. AVCO then set up a chain of five TV stations in the midwest, and broadcasting is now a separate division of the corporation.

Another enterprise, after the war, was the manufacture of farm equipment, started when AVCO bought out the New Idea Co., which manufactures farm equipment at Coldwater and Circleville, Ohio, and Sandwich, Illinois.

In 1946 the sales (net) of AVCO amounted to \$52,781,267, and the net profit was \$14,235,339. In Oct. 1947 AVCO released its interests in Consolidated Vultee to the Atlas Corporation, but still retained a substantial control of the new management which took over the non-aviation assets of the aircraft company.

Another principal division of AVCO, acquired about this time was the American Central Mfg Corp., which makes cabinets, sinks and other kitchen furnishings. Acquired later as separate operating divisions were the Bendix Home Appliances, Inc. and the Horn Mfg. Co of Fort Dodge, producers of farm equipment.

By October 1950 AVCO reported an all time high in sales and earnings. Not including the operations of Bendix, the company had a net of over \$7 millions for a nine month period. AVCO's Crosley Division demonstrated in April 1951 a high frequency TV tuner designed to increase the reception of TV receivers to 70 additional channels. Among the work being done at this time was over \$30,000,000 in defense contracts.

AVCO had sales of \$256,967,000 in 1950, and net income after taxes of \$12,636,000. In 1954 sales rose to \$375,406,000 and the net fell to \$3,639,000. For the first nine months of 1955, owing to a 102 day strike and widespread price cutting in the appliance industry sales of the company dropped to \$206,433,000.

ELLIS DOUCETTE RETIRES AFTER 47 YEARS

J Ellis Doucette, (the youngest of the Jeremiah Doucette family on Ballardvale Street) is to retire at the end of June. For 47 years he has been employed at the North Reading State Sanatorium, and has been the Steward there since 1917.

Mr Doucette is a person who would be recognized instantly by any of the old timers of Wilmington. He has that 'Doucette' look about his face, such as may be seen on the face of his older brother, Louis, the Assessor.

On May 22nd the Sanatorium had a surprise party for Ellis. There was cake and all the fixings. He was presented a leather chair, in which to take his ease. Present were all the people of the sanatorium, and everyone told Ellis that he shouldn't spend too much time in that chair.

Pictured above are Mr and Mrs Ellis (She too, is from one of the old Wilmington - French families, the Durkees of Salem street) dancing, on the occasion of the party.

• LEON F. SOUTHMAYD

Leon F. Southmayd, 77 years old, of Pratt Street, Tewksbury, and a former resident of St. Paul Street, Wilmington, for 35 years, died last Friday, May 25th, after a lingering illness.

Survivals are his wife, Ethel M. (parker) Southmayd; six sons, Howard, Wilbur, Arthur, Melvin and Donald of Wilmington and Elmer of Tewksbury; two daughters, Mrs. Edith Butterworth of Somerville and Mrs. Florence McCarney of North Billerica.

The funeral services were held last Monday from the Nichols Funeral Home on Middlesex Avenue in Wilmington and burial was in Tewksbury.

ST. THOMAS BAZAAR

St. Thomas' parish is planning a 2nd annual Bazaar on Oct 20th. At this time of the year, when people are doing Spring-cleaning, we ask you to set aside anything that you will not be needing, which could be used on the White Elephant Table. We are especially interested, at this time, in procuring prizes to be used on the chance books, as this is the greatest source of raising funds for our Bazaar. If anyone would like to donate a prize, or knows anyone who would, please call Mr. John Winters, OL 8-2679, or get in touch with one of the table chairmen listed below: aprons, Mrs. Helen Babine; Bean Supper

We have just received our stock of charcoal, charcoal briquets and charcoal grills. The grills aren't had either. They are portable and easy to carry with folding legs, only \$3.98 each. Hope you won't forget us as the weather gets warmer.

I have tried ninety-nine different brands of charcoal broiled hot dogs and have never found one with the qualities of our MAPLE LEAF FRANKS. Really have meat flavor and they won't dry up on your grill. You will never switch once you try them.

KEEP THEM SMILING

One way to keep your family smiling is to bring them home a little ice cream once in a while. We don't think you can beat our Super Taste quality. Only 98¢ a half gallon, and you can buy full quart Sultana Rolls for only 69¢. Compare this price, quantity and quality anywhere. You can pick it up at either store on your way home from work.

CUB SCOUTS VISIT NAVY YARD

Fifty-four boys and their fathers were taken on a trip to the Charlestown Navy Yard by the committeemen of Pack 58, Cub Scouts, on Sunday, May 6th.

The group visited the Navy's newest destroyer, the John Paul Jones, and four seamen were assigned to show the Cubs the important parts of the vessel and they explained as much about the ship as security regulations allowed.

Afterward, the boys went on board the Constitution and had an opportunity to compare the navy of old with the modern navy.

The committee thanks the fathers for providing the transportation and those responsible for the fine treatment the group received on both the ships.

Basil Weatherbee, well known building contractor of 11 West Street, has incorporated his company, according to papers filed with the Secretary of the Commonwealth. President and treasurer of the new firm, which is known as the B L Weatherbee Corp is Mr Weatherbee. The Clerk is Raymond Stevenson, of 122 North Street Stoneham.
